

For report of corners and preliminary work in blocks 24, 5, and 0, see pages 5 to 9 Twissell Report of Aug. 25, 1895. Instructions as to final survey of Oct. 24 were probably made to Mr. Twissell, probably as he came to Austin in connection with the mission of writing final instructions, which should be taken into consideration.

Location of lines and introduction of survey of Oct. 24, 1895, was probably made to Mr. Twissell, probably as he came to Austin in connection with the mission of writing final instructions, which should be taken into consideration.

See large blue print, corrected map of 8 blocks from final construction.
