State of Texas } I, R. W. Watkins Co. Surveyor
County of Clay } of said County, do hereby Certify, That
the accompanying Sketch is a true and
correct representation of a survey made by me by which
the West Richardson Survey was located.
That the lines, corners & original corners found on the ground
are marked in red, & that said lines so marked, were
actually run, the courses and distances stated in the
Sketch and that the said corners so marked were actually
found as I found the N.W. Cor of E. Storey & the N.E. Cor. of
the upper Hays to S. to Roberts, that identified A. M. E. Cor. of
the Jas. Clark as stated, & ran all the lines of the fol-
lowing Surveys viz: Hays, Roberts, Clark, H.T.B. Nos. 1 & 2.
and the E. Storey, & erected all their
No cors. were found for any of the following Surveys, they
being on the open prairie & none having ever been made that
could be found or identified, viz: R. Crossman, W. M. Wedding-
ton, W. B. Richards, S. P. R. R. Nos. 1, 1, 1/2.
I ran the lines of said Surveys as indicated in this
sketch and erected all their Cors. The S.E. Cor of the
Rs Crossman was determined as follows: beginning
at the S.W. Cor. of the Parker Co. Sch. Ld. I ran N 2° W
66 1/2 rs. thence W. 18 rs when made Sd. Cor. of the Cor.
section I ran twice with identically the same result.
Thence ran the E. lines of sd. Crossman & Richards as follows: N 638 rs. to Rock mkd "B" S.W. Cor of Richards, thence
N 648 rs. to S.W. Cor of M.E.P. & P. thence W. 1158 to N.E. Cor of Crossman, thence
N 2975 + 400 in all 3375 rs. to Rock mkd "C" + B.M. + 4 pits on N. line of sd. Richards & thence
N 86 1/4 W 682 rs. to Rock mkd "D" The S.E. Cor of J.C. Hays (supposed) as previously established.
Beginning at S.W. Cor of S.P.R.R. No. 2. as previously established, ran N 1° 47' W 1367 rs. N 41° E 37 rs. N 0° W 30 rs.
N 41° E 852 rs. N 45° W. 194 vrs. to S.W. Cor of E. Storey. In this line I found a Va & B.M.
having determined by observation to be the true astronomical Va. & the Surveyed
calling for none. Set corner.
I make the same certificate with reference to T. B. A. mines near Sidney in N. part of
this Sketch. I found the S.W. & S.E. Cor of the S. Hernandez and North cor of
S. A. & M. G. Nos. 1 & 2. and no others and ran the lines indicated with the
interior results, establishing the Corners. Witness my official Signature
at Henrietta this the 23rd day of March A.D. 1880. R. W. Watkins
