

I, A. B. Miller, District Surveyor for the District of Waco, Texas, do hereby certify that the above map of surveys situated in Dallas County and within the limits of Peter Colony and the Land District of Waco, Texas, is for the most part correct. There are some slight inaccuracies on account of a lack of proper connection or agreement between the Colony surveys and those previously made by legally authorized Surveyors.

Given under my hand at the Town of Waco, Texas, this 14th day of June A. D. 1853
