

Complying with a letter from the Comr of the General Land Office dated Dec 7 1908, I compiled an original map of resurveys by me as State Surveyor, south of the Canadian River in Hutchinson County setting out the facts connections and corners as requested. I forwarded a copy of this original map to the G. L. O. This copy is now missing from the Land Office files. ~~John S. Clark, Chief of the State Surveyor's Office, has a second copy, showing results of surveying done by me as State Surveyor relating to Block X 03, and to the west part of H & T Block 46. I hereby certify that this is a true and correct copy of the portion shown of the original map referred to above witness my hand this 9th day of July 1920~~

W. D. Churchill
