Block 28, Township 1 South,

Texas and Pacific Railway Company, Sys.

Mitchell County.

Scale 1000 vs. = 1 inch Variation 12° East.

◎ Indicates Original corners found and identified

⊙ Indicates New corners set in by me.

Dotted Lines are lines I did not run.

Solid Lines are those which I did run.

The State of Texas.
County of Mitchell.

I, H.W. Stoneham, County Surveyor of Mitchell County, Texas, do hereby certify that the above Plat of Township 1 South, Block 28, Texas & Pacific Railway Company Surveys in Mitchell County truly represents the outside boundary lines of the same as actually found by me upon the ground, and that I found no original corners inside same and do not believe that there ever were any established = no evidence of any having been found = diligent search made. And I further certify that the above plat truly represents the survey of the inside lines in block as above shown = Survey made in December 1907, and that the Field Notes there of truly describe the same as hereon shown.

Witness my hand at Colorado, Texas, this 2nd day of January, A.D. 1908.

H.W. Stoneham

County Surveyor, Mitchell County, Texas.
