The following is a Sketch showing the connection of certain Surveys lying on the East Fork of the Trinity, which from some cause or other do not come properly together in the map, also three Surveys are left out of the map for the want of room, to wit: the James Williams Surveys which Sketch Colbert & Luttrell and Lydia Folly are intended in this

The following is a more correct map showing the true situation of and relative position of the Surveys in the Western portion of Parker County, embracing the Surveys lying on Rock Creek, Grindstone creek, and a few on the waters of Patrick creek, and likewise a few on the Brazos River
