Mr Bascom Giles
Commissioner General Land Office
Austin, Texas.

FILE NO.

Esteemed Sir;-

Being concerned in obtaining land lines in the process of surveys for a proposed new causeway route between the town of Portland, San Patricio County and Corpus Christi in Nueces County we reported the information and ties to the S.E. Corner of the John Mc Lean survey on Corpus Christi bay by means of a working sketch a print of which we take the liberty to enclose herewith for your information.

Historically this cedar post was set many years ago by my Father jointly with James O Gaffney surveyor for San Patricio county when reestablishing these surveys for the then Owners namely The Coleman Fulton Pasture Company and John G Willacy Probably about 1889-90 A.D.

Respectfully yours

Fred M. Percival

Fred M. Percival

FMP/vb

Note my father "Frank Percival County Surveyor of Aransas Co James O'Gaffney County Surveyor San Patricio Co both long since deceased
