Working Sketch
from
Stonewall County
General Land Office
Austin Texas
Sept 30th 1901

Note: The Peter Island survey calls to begin at the SW cor of the Eli Chandler survey, but as the Island survey was made 10 years prior to the corrected survey of Eli Chandler the true beginning of Island survey should be the SW cor. of the original survey for Eli Chandler - The dotted red lines show the positions of the original Eli Chandler survey and the system of surveys owing their position to the Eli Chandler survey.

Scale 1000 Varas = One inch
