OFFICE OF  
*Edgar C. Saunders*

LICENSED STATE LAND SURVEYOR AND  
COUNTY SURVEYOR OF SUTTON CO.

SONORA, TEXAS

Oct 31, 1935.

6210

Mr Giles, Examining Draftsman,  
General Land Office,  
Austin, Texas.

Dear Sir:

By a recent survey of a connection ran from the NE corner of Survey 46, NW 47, SW 43, Blk 9, TWNG RR Co, South and East to the NE Corner of Survey N<sup>o</sup> 61 & NW 62 Blk B, HE&WT RR Co, run for the Allison heirs, which I double chained, and find correct. Field notes enclosed herewith, proves conclusively that the sketch filed in the General Land Office December 11th, 1924, and known as sketch Z is in error, and that as soon as possible I will remeasure the connection shown on this sketch Z. I acknowledge the receipt of the blue print mailed me by that office, and will determine and correct said error

Yours very truly,

*Edgar C. Saunders*  
County Surveyor Sutton Co
