Van Camp Licensed State Land Surveyor

~ CERTIFICATE ~

I, Van Camp, Licensed State Land Surveyor of Dallas County, Texas, do hereby certify the above sketch to be true and correct and to truly set forth the lines, boundaries and limits together with their marks, both natural and artificial, as actually surveyed on the ground and according to law.  
For the purposes of this survey I accepted as correct and based my work upon surveys by W. D. Twitchell and Sylvan Sanders as evidenced by marked pipe set by them and still in place at points as shown above. Courses also as called by Twitchell and Sanders.
