Hon J. Groves
Commissioner of the General Land Office
City of Austin
Travis Co, Texas

Sir-

I have the honor herewith to submit
Tracing of the Grant in the name of Jose
Vasquez Borrego, ^{SR File No 2,} surveyed in accordance
with Decree of Confirmation. I do not yet
return the field notes, as it was impossible for
want of water, to run the lines of the Laredo
provisions back from the river - as soon as
I can do so I shall transmit another
tracing showing the detailed plot of the local-
ity, crossed by said lines.

I believe the map to be absolutely
correct, as I carefully measured the Rio
Grande - and find the traverse table of
the meanders to agree to all practical
purposes with the outside lines.

I also send plot of surveys made lately
to be filed for obtaining patents.

I have the honor to remain

very respectfully

your obedient servant

Felix A. Blucher
Special Deputy Dist. Surveyor for
Zapata District

Pelise A. Blueder

Special Deputy

Dis. Surveyor

Zapata Dis.
