The State of Texas
Anderson County

J. H. Edens County Surveyor
for the aforesaid County do hereby certify
that I believe the above sketch to be
very near a correct showing of the situ-
-ation of the surveys represented by the
same, and that I believe Edens Head right
Survey of 320 acres should call for Begin-
-ning on a stake 2900 varas S. 38° W. of the
East, or the S. E. corner of J. M. Mora's
two League Survey, instead of James Bradshaw
Crawford Grigsby's Survey of 1/3 League should
call for J. M. Mora instead of Bradshaw
and W. H. Wilson instead of Bennett.
Cephas Adams Survey of 687 acres does not
conflict with the W. Lewis League. Witness my hand
this 14th April A. D. 1847.

J. H. Edens
County Surveyor for A. C.
