Dear Sir you will find in closed  
field notes of the D F Edwards  
League of Land went on the  
Ground & corrected the survey  
I measured the 4768 vs vs &  
find a post oak marked as an old  
corner at that distance which I  
think was marked for the NW  
corner of said survey then I  
measured South 55° 80' vs as called  
for in said field note finding  
but few marks on this line the  
greater portion of the old timber  
seems to have been blown down on  
this line at the SW cor found an  
old mound and pine with verry  
ancient marks on it

after running the last line  
I am better Satisfied as  
to the Location I am  
Satisfied the commissioner  
was correct as to the distance  
of the North line of this  
Survey I have now made  
the Survey & fieldnotes  
accordingly whos hop will  
Suffize

Respectfully  
yours

James Gibson  
Co sur a c Texas

I return to you the Letter in regard  
D H Edward I am verry buisy and have not  
time to Look up the donchoo at this time  
but will soon
