Dear Sir:-

J. H. Grimes to-day handed me a copy of abstract from the Land Office showing the part of each sec. along our North line that will be in Carson & Armstrong Cos. respectively.

Your subdivisions differs so materially from the figures made by J. L. Gray who surveyed the lines of our County I thought it advisable to send you a letter I have from him showing the number of acres of each sec. in Carson Co.

I also call your attention to what he says in regard to the number of acres lying in Armstrong County on the tier of sections between Randall & Armstrong Counties. The reason I wrote to Mr. Gray was that I knew that your abstract showed entirely too much in Randall Co. - Please make

an investigation of this matter as I am sure there is error in division of sections between Armstrong & Randall Co. We  
Yours Resp. Q Moore
