William G. S. Carr

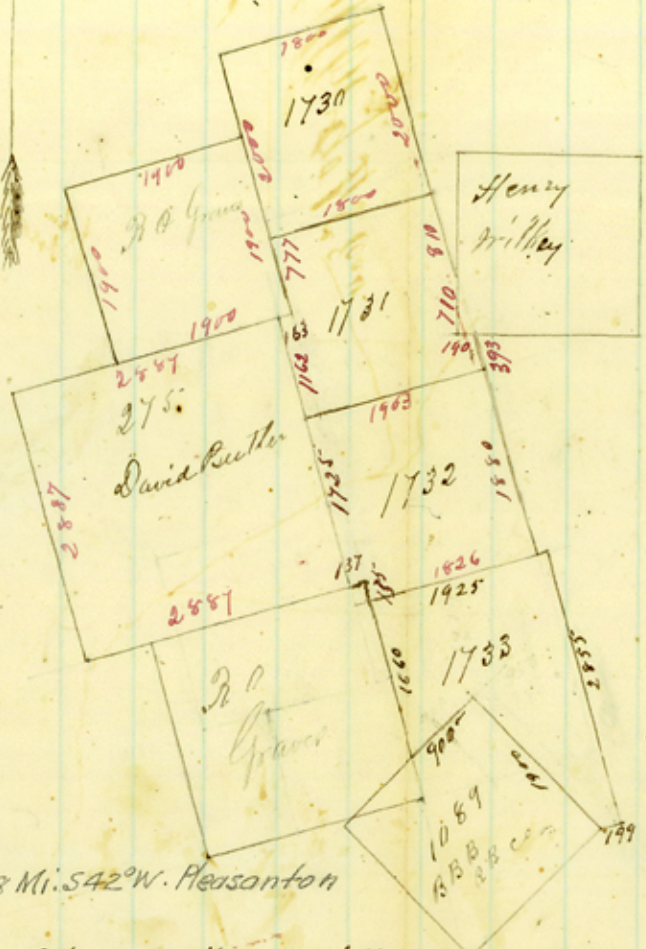

Division of Block A

16 Mi. S. 30 E Pleasanton

Part of work Relating to Mrs Ellen Snow
 and the International B. G. & N. P. & C. Co.
 On the waters of Metata Creek in
 Atascosa County - Emory Moore
 D. S. aty, co.

South Part of Block B

18 Mi. S. 42 W. Pleasanton

I have calculated the area of the survey No 1733 and found that I was in error and has made out new field notes for said survey and of the lines are all given in the notes you will comprehend my design which is to give no further trouble in this survey or survey No 1731 I believe this work is the same that is shown on our County Map and must of necessity fit the Original field notes. You will observe that 1713 lies in the block of work on Metata Creek and not near the Willey

Emory Moore, D. S. aty, co.

Scale 10000 varas to the inch

Var 90 L S East

Explanation The length of each line is given in the
 number of varas in figures
