Dear Sir

Mr St Pleeschauer of Waco, Texas

for H & C R R Co forwarded you field notes for 198 acres being survey No 1 H & C, but ²⁰⁷ originally for 320 acres. Returned because not in conflict with young Co sch L & D in reply beg leave to say same is in conflict with young Co sch L & D as per judgement in two different suits in Dist Court of Baylor Co, although in another suit said young Co was lost ~~is~~ to the Land covering J. K. Comm. M Bradley and three surveys in Block A lying north of Crow & Bradley. I have written Mr Pleeschauer to send for copies of judgement. I enclose you improved sketch showing roughly the location of this land as for the decisions of the Court. Will state however that young Co recovered 205 acres from the McKinnon & Williams, but the 205 acres covered 6 acres of said No 1 and more or less as the lines of No 1 were not adjudicated nor called

in question, probably in said Judge's
No 1 was not really effected however will not
correct until all parties duly considered all
the facts as to the Judge's verdicts,

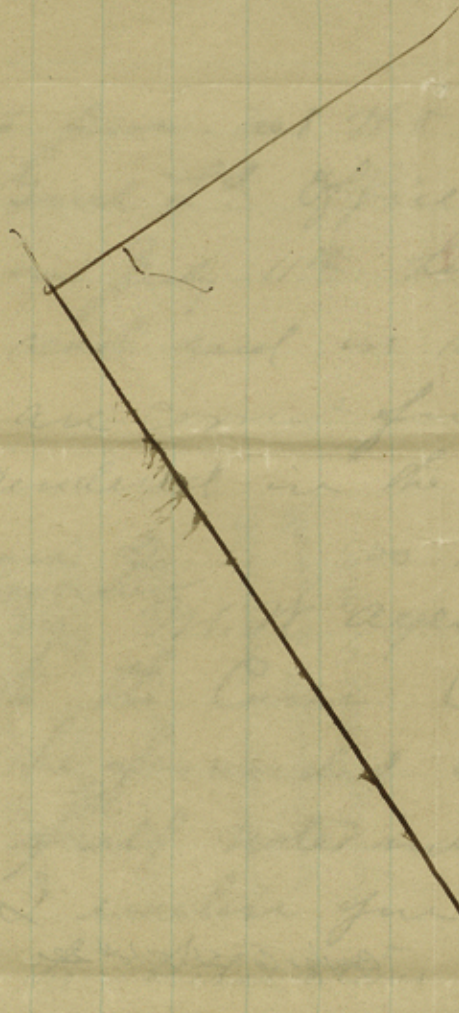

Very Truly

A. D. Kerr,

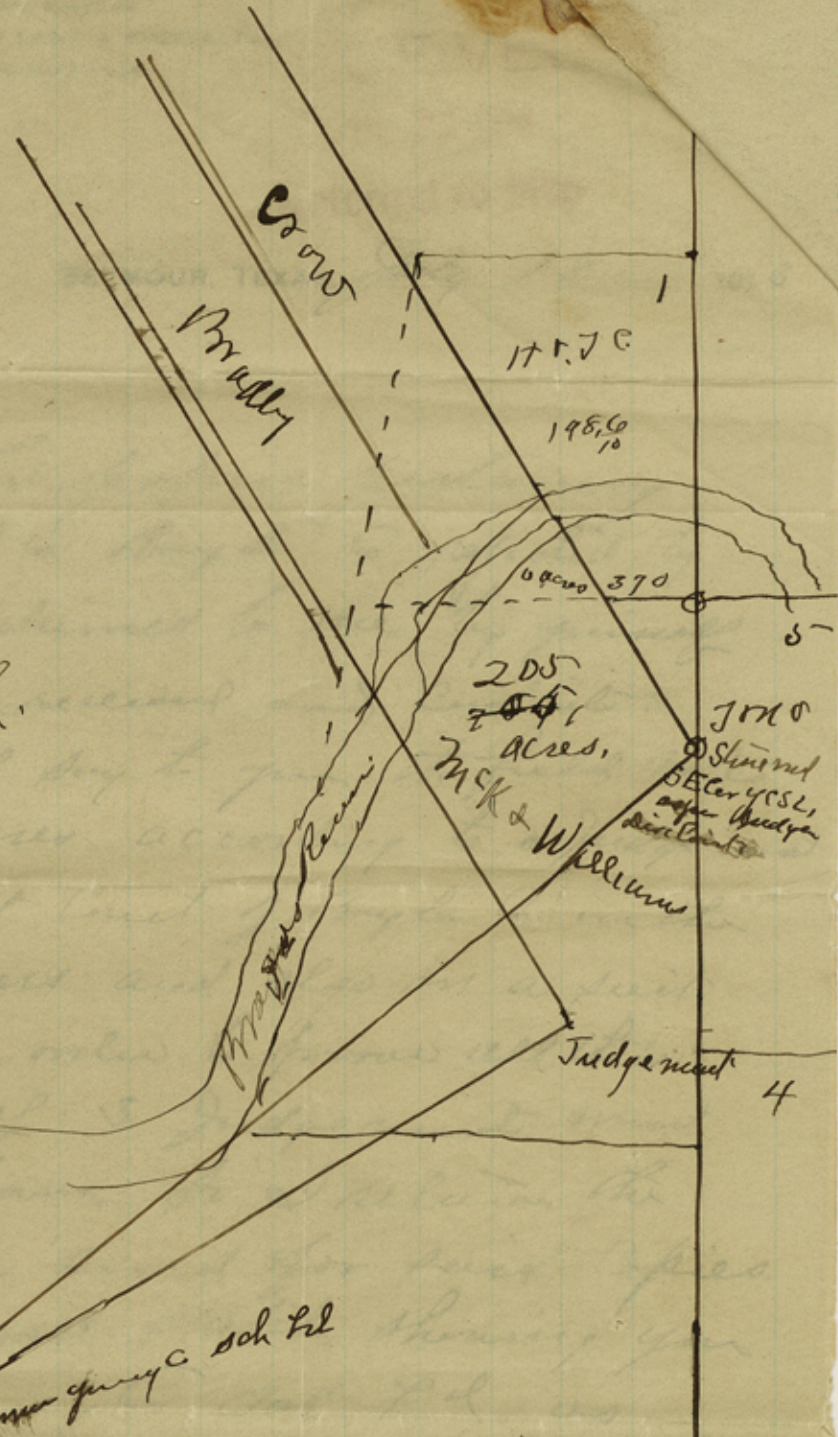

P.S. When the Courts of highest resort rule
crosswise with each other it should seem
less errors should be allributed to Surveyors.
Respectfully

Mr. A. Fleischer

Dear Sir

The papers pertaining to Sur. No. 1 H & J C R R Co Baylor Co rejected by Genl Ld Office and returned to me by yourself on July 11th have been received and carefully read and in reply will say to you the field notes are correct for 198 acres according to a judgement rendered in the district Court of Baylor Co in the case of *W. J. Waggner vs W. W. Ayers* and also in a suit *vs W. W. Ayers*. In order to prove all this to the Court, Copies of 3 Judgements must be furnished to the Court. As I retain the field notes until you send for said Copies. I enclose you a small sketch showing you the situation of your Co Sub Ld as per Judgements above named. I am told by Mr R. L. Moore Vernon Tx that W. J. Waggner owns this survey. Better see what his title is!
