

Mr. McLean February 8th 1847  
To the Com. Genl Land Office  
Dear Sir

I Enclose You the  
plat of some surveys on the Calaveras Co.  
It will appear on comparing it with the  
map of the District that it will not  
fit. but the consequence in one instance  
is that the connection of survey No. 34  
made for Hesse & Colquhoun. as assignees  
of Sankay. is wrong. owing to the cir-  
cumstances of a line having been run  
as the Eastern Down along of the Calaveras  
tract. some 1000- no further East than  
the true line which line was afterwards  
corrected. but this being the closing point  
of two blocks of work done by two differ-  
ent surveyors. the error has until now  
remained uncorrected. the surveys specified  
in this plat. can now be made with ease  
and completely correct. the survey as repre-  
sented.

I have the honor to remain  
Yours &c

N.B. I Enclose the field notes  
of Miguel Fortuna's last tract  
to the Office for their use  
for connection.
