

—OFFICE OF—
R. Klappenbach,
County Surveyor.
Blanco County.

1734

Johnson City, Texas, Feb. 19th 1901

Mr. Chas. Rogan.

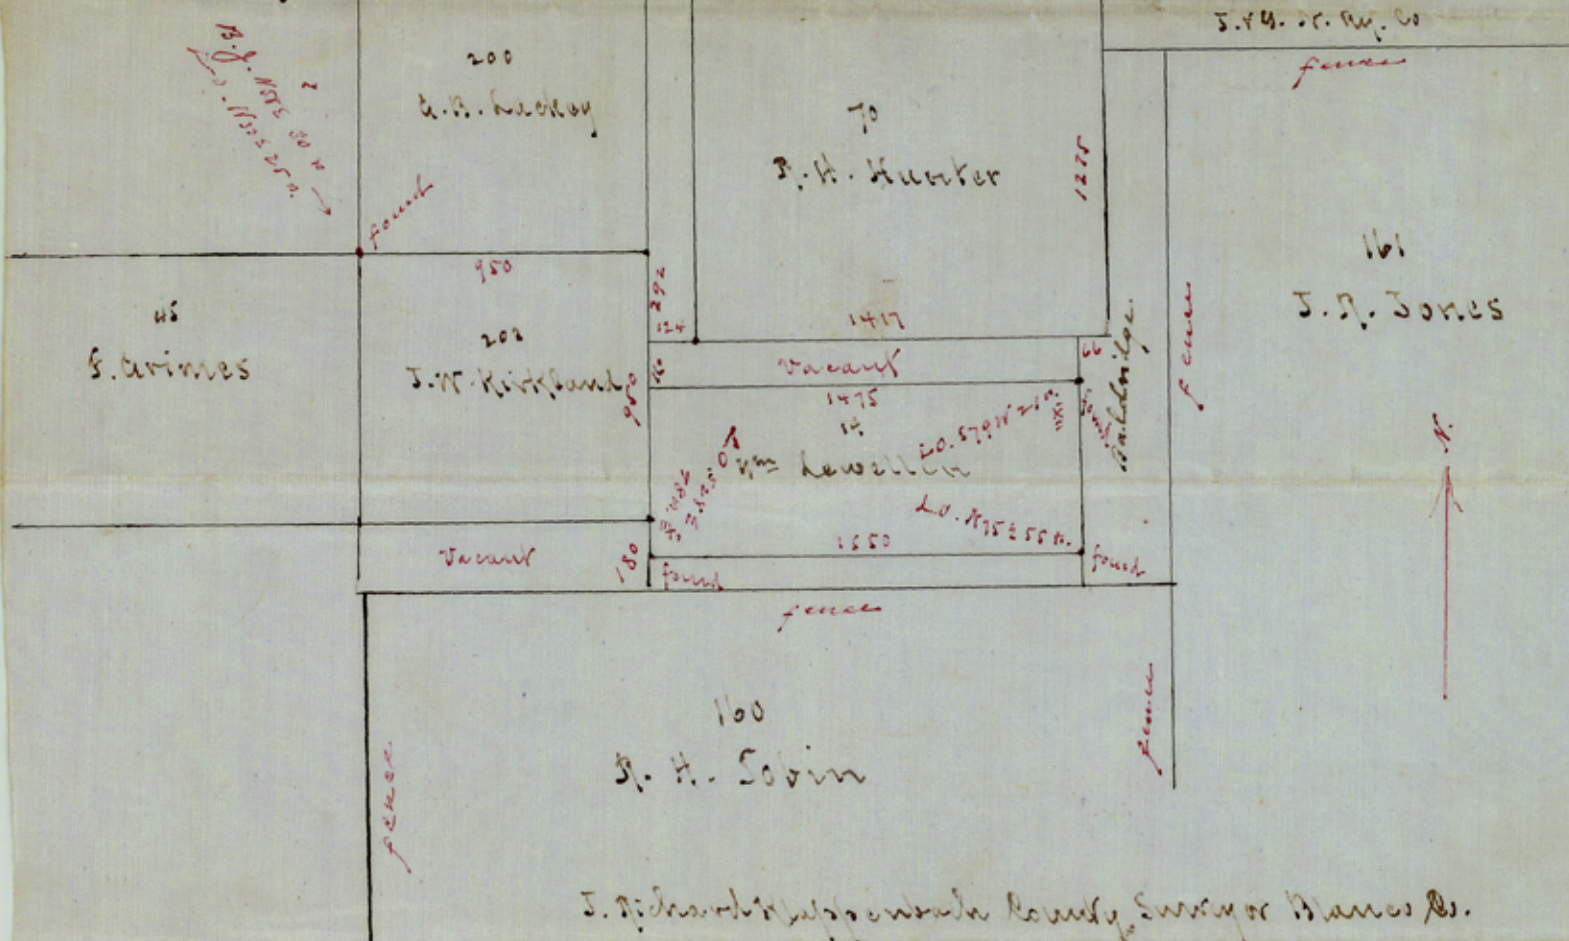

Dear Sir:

I enclose a sketch showing vacancies between N.H. Hunter and N^m Jewell and vacancy between J.H. Kirkland and N.H. Tobin. This sketch should have went with fieldnotes of E.M. Galloway forwarded to office last week, please file with same.

An effort is being made to have patent issued on J.H. Kirkland N^o 203 said survey calls to go ^{South} 950 n. to N.E. of N.H. Tobin (bearing can not be found) and distance gives out 180 n. north of the present Tobin line, fieldnote should be so corrected as to not call for the Tobin line

Respectfully
Richard Klappenbach
