

I Henry Mc Clelland County Surveyor
of Bosque County do hereby certify that the following is a
correct copy of a portion of the field Book of J. Mc
Clelland as returned to me

Beginning at the W. W. corner of the Wm Parwin
survey a Stone Mound from which

a Live Oak marked X bears N12W 104 varas

The old field notes say 92 varas

Another Live Oak marked by me Y by N13 W.

Thence N 60 E 175 varas, Road from fort Graham to Belton

600 " a Branch X stroued near N.E. cor.

~~nothing about~~ but 1444 ~~varas~~ S.W. corner of W. Parwin survey the field
notes call for 1344, a Pile of Rocks - quarry - this survey as it has
no bearing trees ought to stop at 1344 varas?

2000 varas, a Point

Thence S 30 E 387 1/2 varas

Thence N 60 E 415 varas to the S.W. corner of the W L Kiddle
survey - from which

Live Oak marked H bears S 59 E 10 varas

X by N 15 W 33 varas

This connection does not agree with the same
given in sketch 15.

Chulazars Creek Work

Beginning at the W. W. corner of the Northern Survey
in the name of Sprague

Live Oak marked K by N 80 1/2 E 186 varas

Thence S 60 W 314 varas instead of 380 varas

N 30 W 860 varas, instead of 672 varas to a stake in a
Stone mound from which an Elm (on the Bank of a spring
Branch) marked X bears N 33 W 164 varas - and a Hackberry

by N 44 W 77 varas the ^{S.W.} N.E. corner of the Francis Moore survey

Thence S. 60 W 570 varas, Road from fort Graham to Belton

2887 " the S.W. corner of the F Moore survey

a small Pile Rock from which an Elm bears S 29 E and a Live oak
bears by N 75 W

The call for F. Moore's S.W. cor. is
entirely wrong, should be the S.W.
cor. of A. O. Williams survey. The field notes
of which call for no bearing
trees.

Thence N 30 W. 250 varas of which call for no bearing
trees.

See SK. 20. Turn Over

Thence S 60 E 500 varas a Road

970 " Clifton & Waco Road

1640 " 3 Live Oak trees one of them

marked 1640 - Near the Root the other two with 3
Chops - Here we stopped short as we will be compelled
to go over and find a Corner of the Bosque work before
we can make any Connection
