now the bullies think they
can hold the line in the road
and Welch's west line where he
has put his fence. Welch says he
can prove that Never put it there
he didn't say who his witness was

now he has raised so much h-l.
I would love to hear of Robison
giving orders to survey Welch &
Calvins in harmony with their
deed as they both call to begin
on the south boundary line of
Sec- 68. you know that is the North
line of The Graham H. R. S.
