WHARTON, TEXAS,

189

Mr. F. Hillje,

Weimar, Texas.

Dear Sir:

I have seen Mr. Damon in regard to filing and recording the field notes of a part of section No. 38, and he says that he has been instructed that the Patent field notes of section No. 38 call for the adjoining survey, and that they embrace all the land, that if there is any surplus in there, it cannot be considered as vacant land, hence he has no authority to file and record field notes for it. *and refuses to do so.*

Yours very truly,
