

## Certificate

of

connecting lines run in

Buchel County, Blocks 71 Ma 77, G. N. Ma. S. Ry. Co

I hereby certify that I began at the south east corner of survey no 400 at Peña Colorado, and ran a connecting <sup>line</sup> (courses and distances shown in sheet herewith attached) to the north west corner of survey no 1 Block 71 G. N. Ma. S. Ry. which I found and identified by its bearing and found said (rock mound) north west corner of survey no 1 G. N. Ma. S. Ry. to be  $76,844^{\circ}$  south and  $4112$  varas west from the south east corner of said section 400 at Peña Colorado, on a variation of  $11^{\circ} 26' E$

Also certify that I began at the south east corner of <sup>section</sup> 400 Peña Colorado and ran the following courses and distances to find and identify the northeast corner of 369 made for the Saragosa Irrigation Company which I found and identified - by its bearings courses are as follows. Beginning at the S. E. cor of said section 400, variation  $11^{\circ} 26' E$ , thence  $S 45^{\circ} E$  5376, thence East 3800, thence  $S 77^{\frac{1}{2}} E$  7500, thence  $N 73^{\circ} E$  9500, thence East 1114, thence South 186 varas, thence  $N 65^{\frac{1}{2}} E$  104 varas to a small pile stone the north east corner of said 369, whence a large Boulder fallen from the bluff and north of Peña Blanca water hole bears  $N 77^{\circ} W$  437 - making said distance 3383 varas south, and 19,048 varas East -

Further certify that I found and identified

1 the North east corner of 367 (at Peña Negra)  
2 made also for the Saragosa Irrigation Company  
3 and that said corner is South  $30^{\circ} 56' E$  15,227  
4 Varas from the North east corner of 369 (at  
5 Peña Blanca) -

6 witness my hand this the 11<sup>th</sup> day of July 1889
