BOB ARMSTRONG, COMMISSIONER
GENERAL LAND OFFICE
AUSTIN, TEXAS 78701

Attn. Chief of Engineering Section

Dear Mr. Armstrong:

I am forwarding to you one plat representing surveys made by me, on the ground, in 1955 and 1957. In connection with this plat I refer you to your Files--D 564 and D 749, and correspondence submitted with same.

Dr, Frank W. Daugherty and Dow Chemical Co. among others are interested in the proper and final location of the SE corner of Survey 4, Block G-11, MRS. H.M. COATS, G'tee.

May I call your attention to the duplicate corners, with individual bearings for identical corners "SE 166 and NW 134, Block G-4". Rock mounds indicated on plat. (Identical= Common corner.)

As shown on plat--there is a rock mound marked NE 134-B-G4, identified by Dod bearings. In addition you may find rock mounds in nearly all directions.

Please call on me for additional data, if I may help you.

Yours very truly,

J. T. Carney, Jr.
