RE: BLKS. G-4 & G-11
Brewster County, Texas

Mr. Bob Armstrong, Commissioner
General Land Office
Austin, Texas 78701

Attention: Mr. Herman Forbes

Gentlemen:

Herewith two plats prepared by Mr. C. C. Cool of Midland showing the result of his work for Atlantic Richfield Company and Dow Chemical Company. This work was done by him in compliance with instructions from Mr. Wisdom in letter addressed to Mr. Cool and dated December 19, 1972.

Atlantic Richfield Company feels that Mr. Cool using Gano's tie line has arrived at a proper construction. Even though Dow Chemical Company's name appears on the enclosed map, it is to reflect only their participation in the survey expenses. We do not represent that these maps have been approved and accepted by Dow Chemical Company at this time. These maps are being filed on our behalf only.

Atlantic Richfield Company will use Mr. Cool's construction relative to our other mineral fee lands in the above two mentioned blocks unless we hear differently from your office.

Yours very truly,

C. B. Thomas
