Hon J. H. Walker  
Com Gen Land Office  
Austin Tx.

Sir:

We are returning corrected note to you  
of Survey in Brewster Co.

In checking Photo Stat. Capin there are  
two calculations we cannot check. These  
are note with Permit.

The math error was in note by error  
of judgment of our sight in Stat recog-  
nizing that 143 vars of surplus was  
taken up at the beginning faint of our line  
and that only 45 vars ex was to be  
used.

This correction and a check of  
the other course seem to close as  
should do

The line east for 43-615 was run  
as call for a fence line and  
division of Property lines and is the  
real cause of all the survey war up

Dear sir

Papers of our work done for Payne & Payne  
 to Foster of Del Rio Tex for work done  
 in Brewster Co. Tex. for which we have not  
 got any report on it from you  
 It seemed that they want pay for this work  
 until they get it approved by you and  
 the partition we are in we can't pay our  
 men for help until we get our pay for this work  
 Therefore you would confer a great favor on us  
 by reporting as soon as possible
