

Surveyor's Office  
Burnet, Texas

20th. Mar. 1873

Hon. Jacob Kuebler  
Com. Gen. Land Office  
Austin, Texas.

Sir:

Your communication  
of the 12th. ult. is received and  
in reply, I have the honor to  
report that there is a certified map  
of Burnet County in this office  
though it does not belong to the  
office. As to the records of field  
notes I have to say, that this office  
is supplied with the necessary books  
both for the Travis & Milam  
districts; but the field notes of  
several surveys, from some cause  
or other, have not been recorded.  
The only two I know of, at present,  
are the J. Hickman & J. H. Stacks;  
both in the N. W. part of the County.

Very respectfully  
Yr. Obedt. Servt.

J. T. Motley  
Surv. B. Co.
