Re: Tract 765, South Bay, Cameron County  
From: Jack Giberson and Herman Forbes

On September 29, 1978 a ground inspection of this tract was made about 8:00 A.M. and later, we flew over the area about 10:30 A.M. and observed at both times that the area was covered by water, which had an opening into South Bay on the north from the aerial view.

Based upon these observations, the decision to lease the north part of Tract 765 at the February 6, 1979 oil and gas lease sale was made.
