Now Jacob Kuchler  
Comd Genl. Land Office  
Sir

I hereby certify that the  
accusations & that  
repeatedly surr: on the  
little Wichita in Gray Co.  
have been made from actual  
surr: on the ground that  
the connection between the  
Orange Co. School Land  
and the M. Carabagal  
is greater than that given

Orange Co  
School Land

in the Ambros Crain field notes that the Ambros  
Crain has an excess in stretching of 1175 vs  
ascertains by running from the established <sup>at E</sup> cor:  
of Orange Co. School Land to the well defined  
(by Beaumont trees) at E cor: of S. of Crain

Sworn under my hand this day  
and date above written.
