

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

Hon. J. H. Walker, Land Commissioner,  
Austin, Texas.

Dear Sir:-

In locating vacancy bounded on the North by the John Preston Survey; on the East by the Samuel C. Beldon survey and the John Reding survey; On the South by the George Rathbon survey; and on the West by Section No. 7, T. & N.O.R.R.Co. Survey. I began at the Southwest corner of the James H. King survey, this survey was made on Sept. 3rd, 1854, the South West corner of said survey calls for a post oak marked X brs. N. 55 W. 38 vrs. The Old Stump of the Witness Tree is still on the ground but badly decayed. The corner of this Survey is in the N. line of State Highway No. 5, and 6 vrs. E. of the W. line of a public road leading North, where I erected a pile of stone in the North Base Line of the Samuel Beldon Survey. Running from this point West with the N. line of the Samuel Beldon and the S. line of Section of Sec. No. 1, T. & N.O.R.R.Co. at 812 vrs. I relocated the L. corner of said Sec. No. 1, this corner is also the N.W. corner of the Samuel C. Beldon survey. The bearings on this corner call for a pile of stone, there are now three or four Pipe lines crossing at this Point. I could not locate the pile of stones called for, and assume that the pile has been destroyed.

Thence South at 498 vrs. I placed a stone mdk. X for the Southeast corner of said Sec. No. 1, T. & N.O.R.R.Co. survey the same being also the N.E. corner of the John A. Stephens survey, known on the records as the Mary Nail survey. I mdk. a p.o. about 22 in. in diameter bearing S. 23 $\frac{1}{2}$  E. 157 vrs. continue South at 2258 vrs. a stone set for the S. E. corner of said John H. Stephens survey and the N.E. corner of the John Preston survey at 2530 vrs. cross a branch at 3500 vrs. a stone mdk X, the L. corner of the Samuel C. Beldon survey and one of the corners of the John Preston survey.

Thence West at 500 vrs. I found a stone mdk X the most Southern N.W. corner of the Samuel C. Beldon survey.

Thence South with the W. Base Line of said C. Beldon survey at 1160 vrs. cross a public road and 1743 vrs. the S.E. corner of the John Preston survey and the N.E. corner of vacancy mdk. by me survey No. 02, a stake in the W. Base line of the Samuel C. Beldon survey whence a stone set in the ground mdk. X bears S. 40 E. 47 vrs. at 5778 vrs. cross a branch, at 6523 vrs. cross another branch and at 6937 vrs. a pile of stones placed by me for the S.W. corner of the Samuel C. Beldon survey, and the N.W. corner of the John B. Reding survey, whence a large boulder on rocky mound mdk S.W.B. by me brs. South 76 W. 134 vrs, and at 7128 vrs. I placed a pile of stone for the N.E. corner of the George Rathborn sur. and the S.E. corner of survey No. 02.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

Note:- The S.W. corner of the Samuel C. Beldon survey calls for a Mesquite mkd X bearing N. 85 E. 130 vrs., there is a grove of small Mesquites in the vicinity, but no sign of a large mesquite or stump of same.

I began again at the North E. corner of the John H. Stephens survey, known also as the Mary Nails survey, a stone mkd X. thence p.o. about 22 in. diameter brs. S.  $23\frac{1}{2}$  E. 159 vrs; Thence W. at 273 vrs. a old stone under fence mkd N.E. 5 the original N.E. corner of Sec. No. 5 T. & N.O.R.R.Co. survey said stone is set under the E. fence line of State Highway No. 5, at 1021 vrs. I set a stake 4 vrs. N. of the N. fence line of said State Highway No. 5, for the S.W. corner of said Sec. No. 1, T. & N.O.R.R.Co. survey and at 2173 vrs. a stake for the N.W. corner of said Sec. No. 5, T. & N.O.R.R.Co. survey.

Thence S. crossing State Highway and with the E. line of public road leading S. at 1900 vrs. a stake under fence set for the S.W. corner of said Sec. No. 5, and the N.W. corner of the J.R. Hartsell survey, at 2887 vrs. past the S.W. corner of said Hartsell survey, at 4134 vrs. past the S.W. corner of 320 A. survey in the name of John Preston, being also the N.W. corner of Sec. No. 7, T. & N.O.R.R.Co. survey at 4196 vrs. crossed public road and at 6630 vrs. the S.W. corner of said Sec. No. 7, being a point in public road leading South.

Thence E. with the S. Base line of said Sec. No. 7, 1448 vrs. a pile of stone placed by me for S.E. corner of said Sec. No. 7, and the S.W. corner of survey No. 02, at 1673 vrs. the S.E. corner of said survey No. 02, in the W. Base line of the John Reding survey, Thence N. 191 vrs. to the S.W. corner of the Samuel C. Beldon survey.

Note- See Field Notes of survey No. 02.

Beginning again at the S.W. corner of the Samuel C. Beldon survey, thence E. with the S. Base line of the Samuel C. Beldon survey and the N. base line of the John B. Reding survey, at 160 vrs. cross a branch, at 2600 vrs. cross E. fork of little Wichita, and 2688 vrs. I set a stake on the bank of a small branch for the N.E. corner of the John B. Reding and the N.W. corner of the Samuel Anderson surveys, at 2858 vrs. cross another branch, and 3990 vrs. vanes W. fence line recognized as the W. Base line of Marion County School land.

Note-; The South Base line of Samuel Beldon survey calls for 4000 vrs. Beginning again at the Southwest corner of the James H. King survey, a pile of stone in the North line of State Highway No. 5; Thence E. with the N. line of said Highway No. 5, being the S. base line of the James H. King survey at 940 vrs. cross E. fork of little Wichita, at 967 vrs. cross E. fork again at 1100 vrs. cross E. fork another time at 2688 vrs. I found a stone mkd X  $\frac{1}{2}$  vrs. N. of the N. fence line of State Highway No. 5, said stone is the original corner stone set for the S.W. corner of Madison County School land survey, and the S.E. corner of the Jas. H. King survey, and the N.W. corner of Marion County School Land Survey,

Beginning at the N.W. corner of Marion County School Land Survey and the S.W. corner of Madison County School Land Survey; Thence E. with the N. line of State Highway No. 5, being also the S. Base line of Madison County School Land Survey at 4205 vrs. center of M.K. & T.R.R. track.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

At 4950 vrs. a iron stake in center of public road, leading N. at 6862 vrs. the N.E. corner of Marion County School Land Survey and the N. W. corner of a 480 acre survey made for the B.B.B. & C.R.R.Co. I placed a pile of stone on the W: bank of a small branch 2 vrs. N. of the N.line of State Highway No. 5,

Beginning again at iron stake in public road leading N.said stake is 4950 vrs. E. of the N.W. corner of Marion County School Land Survey, and 1915 vrs. W. of the N.E. corner said Marion County School Land Survey. Thence South crossing State Highway No. 5, at 196 vrs. center of M.K.& T R.R. track, at 1891 vrs. a public road running E, and at 1900 vrs. I set a stake in an old Field.

Thence E. about 9 vrs. South of S. line of public road leading E. at 1800 vrs. cross into public road, and at 1915 vrs. a stone set in ground mkd X with stones piled around it, set for the Southwest corner of a 480 acre survey made for the B.B.B. & C.R.R.Co., being also the N.W. corner of a so called 160 acre survey made for W.B.Worsham at 3815 vrs. a stone for the N.E. corner of W.B.Worsham survey in the most Northern W. Base line of Sec. N . 11, made for the H.& T.C.R.R.Co., being also the S.E. corner of a 480 acre survey made for the B.B.B. & C.R.R.Co.

Note-: See corrected Field Notes of W.B.Worsham survey.

Beginning again at the S.W. corner of said 480 acre survey made for B.B.B. & C.R.R.Co., and N.W. corner of the W.B.Worsham survey, Thence South at 592 vrs. the S.W. corner of W.B.Worsham survey on the most Western N.W. corner of Sec. N . 11, H.& T.C.R.R.Co. survey at 1334 vrs a stone placed by me mkd. X for the N.E. corner of another W.B.Worsham survey, whence a willow about 12 in. in dismeter standing on the S. edge of a tank dam bears S. 64 $\frac{1}{2}$  E. 174 vrs.

Thence W. with the Base line of Marion County survey 811 vrs. to a stone in prairie mkd X.M., set for the N.W. corner of said Worsham survey. Thence South with the base line of Marion County School Land survey 592 vrs. to a stone mkd. X placed by me near a small ravine in the N. Base line of Sec. No. 23, H.& T.C.R.R.Co., being also the S.W. corner of said Worsham survey. (Note-: See corrected Field Notes of this Survey.) at 1800 vrs. cross a wire fence running E. & West at 1837 vrs. a stake set in an old field being the N. Base line of Sec. No. 24, H.& T.C.R.R. Co. survey, and known as the 320 acre survey in the name of Mack True.

Thence W. with the N. base line of said Mack True survey 437 vrs. to a fence corner a stone mkd 23 & 24 being the S.W. corner of Sec. 23 and the N.W. corner of Sec. No. 24, H.& T.C.R.R.Co. Thence N. with the W. Base line of Sec. No. 23, H.& T.C.R.R.Co. survey 1245 vrs. I placed a stone mkd 23 for the N.W. corner of Sec. No. 23, H.& T.C.R.R.Co. survey.

Beginning again at the N.W. corner of Sec. N<sub>o</sub>. 24, H.& T.C.R.R. Co. survey. Thence S. at 565 vrs. past fence corner being the S. line of that part of Mack True survey owned by Carl M. Worsham, at 1900 vrs. a stone in prairie mkd. 24 near fence corner being the S.W. corner of Sec. No. 24.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

Note-: See, No. 11, H. & T.C.R.R.Co. Survey, Calls for 1334 vrs. on the W. base line. The actual distance on the ground from the S. base line of the B.B.B. & C.R.R.Co. survey to the S. base line of Sec. N. 11 H. & T.C.R.R.Co. survey is 1826 vrs. both of these Surveys were made prior to the so called 160 acre survey made for W.B.Worsham, showing that the distance from the N. to South of the Worsham survey is only 592 vrs. in place of 614 vrs. called for in the original Field Notes, at the same time it will lengthen the distance N. & S. of the small Worsham survey to 592 vrs. in place of the 559 vrs. called for the original Field Notes.

Beginning then at the N.W. corner of Sec. No. 29, H. & T.C.R.R.Co. Survey, being a poing in the center of public road running E. & W., a large stone mkd 29 brs. S. 10 vrs. Thence W. with said road at 1546 vrs. pass the N.W. corner of Sec. No. 30, H. & T.C.R.R.Co. survey, at 2371 vrs. cross State Highway No. 2, at 2430 vrs. center of C.R.I. & P. R.R. track, at 3092 vrs. pass the N.W. corner of Sec. No. 31, H. & T.C.R.R.Co. survey, at 4638 vrs. pass the original corner set for the N.W. corner of Sec. N. 32, H. & T.C.R.R. Co. survey, at 6184 vrs. pass the N.W. corner of Sec. No. 33, made for the same Company, at 6961 vrs. pass fence corner offence leading South, at 7256 vrs. cross head of Beaver creek at 7424 vrs. cross Beaver Creek again at 7623 vrs. crossed Beaver creek again at 7730 vrs. pass N.W. corner of Sec. No. 34, H. & T.C.R.R.Co. survey being also known as the A.J. Weldon survey at 7736 vrs. pass fence corner of fence leading South, at 9276 vrs. pass the N.W. corner of Sec. No. 35, H. & T.C.R.R.Co. survey and at 10822 vrs. a point in the L. corner of a public road being the N.W. corner of Sec. No. 36, made for the same Company, and 10935 vrs. a stone mkd 24 the S.W. corner of Sec. No. 24, H. & T.C.R.R.Co. survey.

Beginning then at the original S.W. corner of Marion County School Land Survey, a large stone under the fence mkd X. Thence E. at 204 vrs. cross a ravine at 1658 vrs. cross another ravine, at 2471 vrs. cross another Ravine at 3148 vrs. cross Wilson Creek, at 3177 vrs. cross Wilson Creek again at 3196 vrs. cross Creek again, at 4135 vrs. the W. base line of Jack County School Land Survey, an Iron pipe set for the S.E. corner of Marion County School Land Survey. Note-: Call distance of the South Base line of Marion County School Land calls for 4533 vrs. Marion County School Land Survey overlaps on Jack County School Land survey 398 vrs.

Thence North with the W. base line with Jack County School Land survey at 117 vrs. cross a ravine at 347 vrs. cross another ravine, and at 828 vrs. a stone in ground, and Iron pipe set for the N.W. corner of said Jack County School Land survey.

Thence East with the N. Base line of Jack County School Land survey 398 vrs. an iron pipe set for the S.W. corner of a 215½ acre survey made for Wm. Campbell.

Thence North at 546 vrs. pass the most Western N.W. corner of said Campbell survey, and the S.W. corner of the Jas. C. Brown survey, at 1130 vrs. cross tank, and at 1496 vrs. a fence corner, being the N.W. corner of said Brown Survey.

Note-: The original Field Notes of Marion County School Land Survey calls for 1508 vrs. East from this point.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

Thence East with the North Base line of the Jas. C. Brown survey at 950 vrs. pass the N.E. corner of the Brown survey and the N.W. corner of the Wm. Campbell surveys a fence corner in the W. line of a public road leading North & South at 1417 vrs. the N.E. corner of said Campbell survey a stake in the W. Base line of Sec. No. 1, T. & N.O.R.R.Co. survey and at 1521 vrs. the call East line of Marion County School Land Survey as per original Field Notes, being a point 104 vrs. E. of the S.E. corner of a 50 acre survey made for E.E. Plaxco.

Note\*; Marion County Callings on the S. Line 4533, plus 1518 vrs. plus 811 vrs. equals 6862, vrs.

Thence North with the E. Base line of Marion County School Land Survey as per original Field Notes at 830 vrs. pass 104 vrs. E. of the N.E. corner of E.E. Plaxco survey, at 926 vrs. cross the N. base line of Sec. No. 1, T. & N.O.R.R.Co. survey and the South Base line of a 160 acre survey made for Wm. Campbell, at 1876 vrs. cross the N. Base line of said Campbell survey at 3284 vrs. the N.W. corner of survey No. 1535 made for the Day Land & Cattle Co., said corner is on the S. Base line of Sec. No. 37, H. & T.C.R.R.Co. survey at 5184 vrs. cross the N. Base line of Sec. No. 37, H. & T.C.R.R.Co. survey and at 7671 vrs. cross the N. Base line of Sec. No. 36, H. & T.C.R.R.Co. survey being a point in the public road leading East & West at 9571 vrs. a stake in the N. base line of Sec. No. 24, H. & T.C.R.R.Co. survey 437 vrs. E. of the N.W. corner of said Sec. No. 24.

Beginning then at the S.W. corner of the Wm. Campbell survey of 215½ acres, Thence E. with the N. Base line of Jack County School Land sur., at 1417 vrs. a stone for a corner being the S.E. corner of said Campbell survey and the S.W. corner of Sec. No. 1, T. & N.O.R.R.Co. survey at 2909 vrs. a S.E. corner of Sec. No. 1, at 4401 vrs. the S.E. corner of Sec. No. 4, T. & N. O.R.R.Co., at 5893 vrs. pass the S.E. corner of Sec. No. 5, made for the same Company, at 7385 vrs. pass the S.E. corner Sec. No. 7, made for the same Company, and at 8508 vrs. a stone in fence corner the S.W. corner of the Able Lewis survey.

Note-: Sec. No. 8, T. & N.O.R.R.Co., has an excess of 48 vrs. in the South Base line which I hold to have been confirmed by a Court decree in the case of the State of Texas, against Worsham & Prater, et al. I did not deem it necessary to run the West Base line of the Able Lewis Survey as I have checked up on that line several times before.

Beginning then at a stone in fence corner recognized as the N.W. corner of the Able Lewis survey, and being also the N.E. corner of the sur. in the name of T.F. Pinkney; Thence E. with the N. base line of the Able Lewis survey at 542 vrs. pass the most Eastern S.E. corner of Sec. No. 40, made for the H. & T.C.R.R.Co. being also the S.W. corner of a survey made for Jas. B. Owensby, at 2560 vrs. crossed Rock Island & Texas Railway, at 2600 vrs. crossed State Highway and at 2832 vrs. a pile of stone on rocky knole, I found an iron pipe set in the ground near this pile of stone it being the original Southeast corner of the Jas. B. Owensby survey, and the South W. corner of the John W. Massey survey, and the N.W. corner of a survey made for Asa Massey.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

Note-: The South Base line of the J.B. Owensby sur. shows a shortage of 104 vrs.

Thence North with the E base line with said Owensby sur. 1123 vrs. to a fence corner, being the N.E. corner of said Owensby sur. and the N.W. corner of one of the John W. Massey surveys, being a point in the S. base line of Sec. No. 30, H. & T.C.R.R.Co. sur.

Thence E. with fence line at 496 vrs. cross Buzzard Wing, and at 680 vrs. a fence corner, being the S.E. corner of Sec. No. 30, and the S.W. corner of Sec. No. 29, H. & T.C.R.R.Co., survey.

Thence N. 2487 vrs. with the fence line corner in center of public road being the N.E. corner of Sec. No. 30, and the N.W. corner of Sec. No. 29, H. & T.C.R.R.Co., survey in the S. base line of the Able Beason sur. Note-; The distance on the ground from N.W. corner of Sec. No. 5, T. & N.O.R.R.Co. survey to the S.W. corner of Sec. No. 7 made for the same Company equals 6630, vrs., from the N.E. corner of the George Rathbon sur. to the S.E. cor. of Sec. No. 1, T. & N.O.R.R.Co. sur. equals 6630 vrs. I find that a vacancy exists bounded on the N. by the John Preston sur. on the West by Sec. No. 7, T. & N.O.R.R.Co. sur. on the South by the George Rathbon sur., and on the E. by the John B. Reding and the Samuel Beldon surveys.

Note-: Vacancy survey numbered by me No. 02; See Field Notes.

The actual distance on the ground from the N.W. corner of Marion County School Land sur. to the N.E. corner of the same is 6865 vrs. where as the call distance given in the original Field Notes of Marion County School Land sur. is 6738 vrs. The actual distance on the ground for the same sur. from the S.W. corner to the W. Base line of Jack County School land sur. is 4135 vrs. from the N.W. corner of Jack County School Land sur. to the S.W. corner of the Wm. Campbell 215½ acre survey is 398 vrs., from the N.W. corner of the Jas. C. Brown sur. to the W. base line of Sec. No. 1, T. & N.O.R.R.Co. sur. is 1417 vrs. making the total distance for these points 5946 vrs., where as the original Field Notes of the Marion County School Land sur. calls for 4533 vrs. on the South Base line, and on the N. base line of George Brown & Wm. Campbell surveys, call for 1518 vrs. making the call distance in original Field Notes 6051 vrs. I find that Sec. No. 1, T. & N.O.Co. sur. overlaps on Marion County School Land sur. 104 vrs., I also find that the 50 acre sur. made by W.R. Watkins June 24th, 1924, for E.E. Plaxco is a part of Marion County School land sur. you will note on the plat that the Wm. Campbell sur. of 160 acres made by R.W. Watkins Jan. 6th, 1893, also overlaps on Marion County School Land Sur. 104 vrs. The distance on the ground from the N. W. corner of the small W.B. Worsham sur. to its N.E. corner is 811 vrs. making the actual distance from the W. base line of Marion County School Land Sur. to the E. base line of the same sur. at that point 6862 vrs.

Note-: See corrected Field Notes for Marion County School land sur. The actual distance on the ground from the N.E. corner of the Marion County School Land sur. running S. with the W. Base line of a 480 acre sur. made for B.B.B. & C.R.R.Co. is 1900 vrs. the W. base line of the W.B. Worsham sur. 592 vrs. the H. & T.C.R.R.Co. sur. Sec. No. 11-742 vrs. the small W.B. Worsham sur. 592 vrs. H. & T.C.R.R.Co. survs. Sec.

# The County Surveyor's Office

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

No. 23 and 24 - 3145 vrs. Secs. No. 36 and 37 - 4387 vrs. Day Land & Cattle Sur. No. 1535 - 931 vrs. survey of vacancy numbered by me 01-477 vrs. Wm. Campbell sur. of 160 acres 950 vrs. Sec. No. 1, T & N.O. R.R.Co. survey 926 vrs. Jas. C. Brown & Wm. Campbell survs. 1496 vrs. The W. Base line of Jack County School Land Sur. 828 vrs. making the total distance of Marion County School Land sur. from the N.E. corner of same to the S.E. corner 16966 vrs. the call distance in the original Field Notes of the Marion County School Land sur. calls for the following distances on the same line; 3234 vrs. plus 3800 vrs. plus 7504 vrs. plus 2328 vrs. making the total call distance in the original Field Notes for the E. Base line of this sur. 16866 vrs. The original Field Notes for the W. base Line of the same sur. call for 16816 vrs.

Note-; It is evident from the facts as above shown that Marion County School Land sur. has been partially made in the office, Marion County School Land sur. would overlap Jack County School Land sur. 398 vrs., and the H.& T.C.R.R.Co. Secs. No. 36 & 32, 324 vrs. Secs. No. 23 & 24 437 vrs. and Sec. No. 1, T.& N.O.R.R.Co. sur., and the Wm. Campbell sur of 160 acres, 104 vrs.

The distance on the ground from the S.W. corner of Sec. No. 1, T.& N.O. R.R.Co. to the S.W. corner of the Able Lewis survey is 7091 vrs., whereas the call distance on the original Field Nites is 7043 vrs. there is an excess of 48 vrs. in this line which is held by Sec. No. 8 T.& N.O.R.R.Co. surv. which I believe is confirmed by the Court Verdict Plaintiff, State of Texas, Verses Worsham & Prater, et al.

I did not think that it would be necessary to survey the W. base line of the Able Lewis sur., as I have made several surveys along that line, and I am satisfied with the distance North and South. The distance from the N.W. corner of the Able Lewis sur. to the S.E. corner of the Jas. B. Owensby sur. is 2832 vrs. on the ground. The original pile of stones together with iron pipes driven in the ground on a rocky hole prairie covers the original callings. These corner calls for a witness tree, but the State Highway, and the R.I. & T.R.R.Co. Rightway covers that portion of the ground.

The distance on the Ground from the N.E. corner of the Jas. B. Owensby sur. to the S.W. corner of Sec. No. 29, which is also the S.E. corner of Sec. No. 30, H.& T.C.R.R.Co. survs: is 680 vrs. making the total distance from the S.W. corner of Sec. No. 1, T.& N.O.R.R.Co. survs. to the S.W. corner of the Able Lewis sur. 7091 vrs. From the N.W. corner of the Able Lewis sur. to the S.E. corner of the Jas. B. Owensby sur. 2832 vrs. from the N.E. corner Jas. B. Owensby sur. to the S.E. corner of Sec. No. 30, H.& T.C.R.R.Co. sur. 680 vrs. total 10603 vrs.

The actual distance on the ground from the N.E. corner of Sec. 30, H.& T.C.R.R.Co. sur. to the N.W. corner of Sec. No. 36, for the same Company is 10822 vrs.

You will note on the Plat that the T.F. Pinkney sur. made Dec. 1st, 1925, overlaps on Sec. 6, T.& N.O.R.R.Co. sur. 170 vrs. it also overlaps

M. F. LEONARD, COUNTY SURVEYOR

Montague County, Texas

MONTAGUE, TEXAS

the Joseph Cummings sur. 176 vrs.

Locating the Robert Gambill and the Joseph Cummins survs. according to the Court Decision in the Case of The State of Texas verses Carl Worsham & Prater, et al, will cut short the J. Cummins survey.

There is a vacancy bounded on the North by the Day Land & Cattle Co. sur. No. 1535, on the West by the Marion County School Land sur. on the South by the Wm. Campbell sur. of 160 acres and on the East by the John B. Culwell sur.

Note-: See Field Notes for Sur. No. 01.

I find that according to the callings of the original Field Notes of both W.B. Worsham survs., show that there is an excess in each one of them survs., as surveyed on the ground recognizing the callings of the original Field Notes.

Note-: See corrected Field Notes of W.B. Worsham survs.

There is also an excess in Sects. No. 30- 31- 32- 33- 25 and 36 made for the H. & T.C.R.R.Co. survs., for which Survs. corrected Field Notes have been filed.

I assume that the State has recognized the excess in those Sects. by issuing a patent for the North Half of Sec. No. 34, to A.J. Weldon, calling for 340-4/10 acres of land, and also issuing a patent for the South one half of said Sec. No. 34 to G.H. Turner, which also calls for 340-4/10 acres. The callings on those Patents from the N.E. corner to the S.E. corner of each one of those survs. call for 1244 vrs., making the total distance for the entire Section 2488 vrs., whereas the distance on the ground is 2488 vrs., and the call distance for those Sections as given in the original Field Notes call for 2337 vrs.

Yours very truly,

*M. F. Leonard*  
 County Surveyor, Montague County,  
 Texas.

State Licensed Surveyor
