Referred to Old Title

Commissioner General Land Office,
Austin, Texas.

Dear Sir:

I am inclosing a sketch which is intended to shew the location of the above Survey.

This survey was transferred to this county, from Wharton County, in Volume 24 of the State Abstract and has been on the tax rolls in this County ever since.

You will notice that there is several other surveys, nearly all of which have been patented since the Townsend patent, on the Townsend, in fact almost cover it, but there is no cancellation of the Townsend so far as we have been able to find.

Please tell us which surveys the Land Office recognize as all of them appear on the rolls and the taxes are being paid by various parties.

The Townsend title seems to come straight down into a party by name of R T Colter.

Perhaps your records may show the Townsend to be at another location we have no field notes for the Rail-Road sections joining on the North, West and South and can not shew them correctly.

Thanking you in advance for an early reply, we beg to remain,

Yours very respectfully,

The Colorado County Abstract Co.,
