Filed December 11. 1866.

See J. J. Gross' letter in file Dec 8-1219.

The inside sketch is not sufficient to remove objections raised against 484 acres survey file 5-1219 Bexar.

According to field notes V. Bennett 640 a. East corner is identical with the North corner of R. Garcia Francisco Rodrigues begins 1163 vrs S 30 E from said corner and as its West line is 4220 vrs long, by subtraction of Bennett's line = 2202

and the above \Rightarrow 1163. 3365.

A distance is left of 855 vrs from Bennett's North to Rodrigues N. corner, which is represented on the sketch 1040 vrs long.

Further Explanation required. Dec. 10. 1866.
