Dear W. C. Walsh

Austin Texas,

Dear Sir

Some time ago I wrote you in regard to the band between the Concho and Colorado rivers and sent you the field notes of same surveying done by me and afterwards a sketch. Since then I have seen an old Fisher & Miller Map which shows that the surveys at the junction of the rivers begin above the mouth of the Concho river which if correct, will make all the surveys on both rivers come nearer fitting. The field notes of surveys one 6 and 77, call to commence at the junction of the two rivers but the bearings are not to be found and to commence at the junction I cannot reach any old corners on either river or find any of the bearings. Let me hear from you as to how I shall proceed in surveying bands that

Might not there have been some error
in copying the original filled notes
of Surps 1 & 77 at the junction of the
two rivers?
