August 3rd, 1933,

Hon. J. H. Walker,
Commissioner of General Land Office,
Austin, Texas,

Dear Sir:-

Replying to your letter of July 18, 1933, about the Plat on the land South of Ozona, in Block TG, Block XX, and Block 000, which we ordered for George Harrell. We have a copy of the map of Mr. Goodfellows which you sent us and we return your map to you.

We thank you for the information you gave us and have decided to follow your suggestion and cancel the order for the map.

We have never believed the vacancy existed, but Mr. Goodfellow has tried to create one, and we were merely trying to protect the interest of Mr. Harrell in case we were wrong about the matter.

Very truly,

DAVIDSON & SMITH
