W. P. Conklin  
COUNTY SURVEYOR  
CROCKETT COUNTY  
OZONA, TEXAS

OZONA, TEXAS  
August 10, 1939

Hon. Bascom Giles,  
Commissioner General Land Office,  
Austin, Texas.

Dear Sir:

I am enclosing herewith field note of survey 6, Block NN, Crockett County.

The construction of this survey is based on a tie from the Nw corner of survey I, Block 2, I & G.N.Ry. Co. to the SE corner of survey I04, Block I, I. & G. N. Ry. Co. as established by E. A. Giraud.

I find an excess of 118.6 varas from the SE corner of survey I04 to the West line of Block Q 2. This excess is prorated in the south lines of surveys 6, 10, 11 and 12. Since the Surveys in Block MM and surveys 4 & 5 are course and distance from the Nw cor of survey I, Block 2, I & GN Ry. Co. this would make an excess of 116 varas between survey 4, J. F. Turner and survey I00, Block I, I & G. N. This would shorten the distance from the NE cor. of survey 6, Block NN to the SW corner of survey 5, J. F. Turner by approximately the same distance. The difference being the 0.8 of a vara added to the original field notes of surveys in Block MM.

Trusting this statement is satisfactory I remain,

Sincerely yours

W.P. Conklin  
County Surveyor  
Crockett County
