REFERRED TO MAP

Dear Sir:-

Enclosed I am returning my corrected field notes for Sections 3 and 4, Certificate 1149 and Sections 1 and 2, Certificate 187 situated along the line of Garza and Crosby Counties. Also enclosed find a map compiled by W.D. Twichell showing the Robertson Ranch.

In re-surveying these four Sections I followed Mr. Twichell's corners believing that corrected field notes had been filed by him about 1905 and approved by the Land Office for most of the surrounding surveys.

If his work was approved as correct the enclosed field notes cover all the land that is left for them.

Mr. Poole Robertson has sold his part of the Ranch and cannot close the deal until the shortage in acres is corrected by field notes. Please compare field notes filed in your office with the enclosed map and if found correct notify the Assessor of Garza and Crosby Counties as to the change in acreage. If you cannot approve these field notes notify me.

Yours respectfully,

Sylvan Sanders
