

Corrigo Springs Summit, Co.
Oct 5th 1884

I J. W. Barnes Deputy surveyor
of Summit County do hereby certify
that I have measured the distance
from the S. W. Corner of survey ad 664
on the N. line of the John Sharp
Survey on Peio Creek to the the
S. W. Corner of the Chris Kirchner Survey
on Pendaria Creek, and found the
distance greatly excessive. Will give more
definite connections when they are made
and as ~~several~~^{several} of the surveys between
said points are unpatented I ask
that the patents be suspended until
correction can be made

J. W. Barnes
Deputy surveyor D. Co.
