Hon J. T. Robison Land Comm.  
Austin

Dear Sir

I enclose you herewith a sketch representing a survey made by J. W. Barker which I think will give you the information you ask for I have on several occasions checked on these surveys from different points and have found them to be correct

I have just recently checked this from being from the NE cor. of Sur No 554 and NW cor of Sur No 413. and an other thing that makes me believe that it is correct is that J. W. Barker was my Bro and a working for me when he done the work

Hoping this will give you the desired information

I am yours truly  
Willis W. Barker
