

To The Hon W L McLaughley  
Commissioner of the Survey Land  
Office Austin Texas.

We the undersigned resident citizens  
of Donley County and own Land in Block C7  
in said County, would respectfully represent  
that whereas Mr B. F. Naylor a citizen of said  
County and residing on survey N° 26 in Block C7  
is making an effort to have the lines of his  
said survey changed, which are willing to  
concede, would give him more good land  
on his said survey N° 26; but would be greatly  
to the detriment, of almost every other settler  
in said Block, as his lines being moved  
would move all the surveys in said Block  
correspondingly; which would be a  
detriment on account of improvements  
and in other respects. We believe said lands  
to be correctly surveyed as corrected by our  
County surveyor Mr James H. Parks; as his  
work corresponds with other surveyors, who have  
done work in the same Block, of land; And to  
move the lines as Mr Naylor wants it done,  
would be to the damage and confusion of other  
settlers; therefore we pray that the surveys as  
corrected in said Block be left undisturbed  
until better reasons, are presented than  
those claimed by Mr Naylor and others, but  
who these others are, we are unable to tell  
as they do not live in this country.
