

Feb 24/82  
 This sketch was found  
 on the filing Clerk's  
 desk June 24/82  
Ornst.

Parcs 239 & 240, & 240 are of the same date.

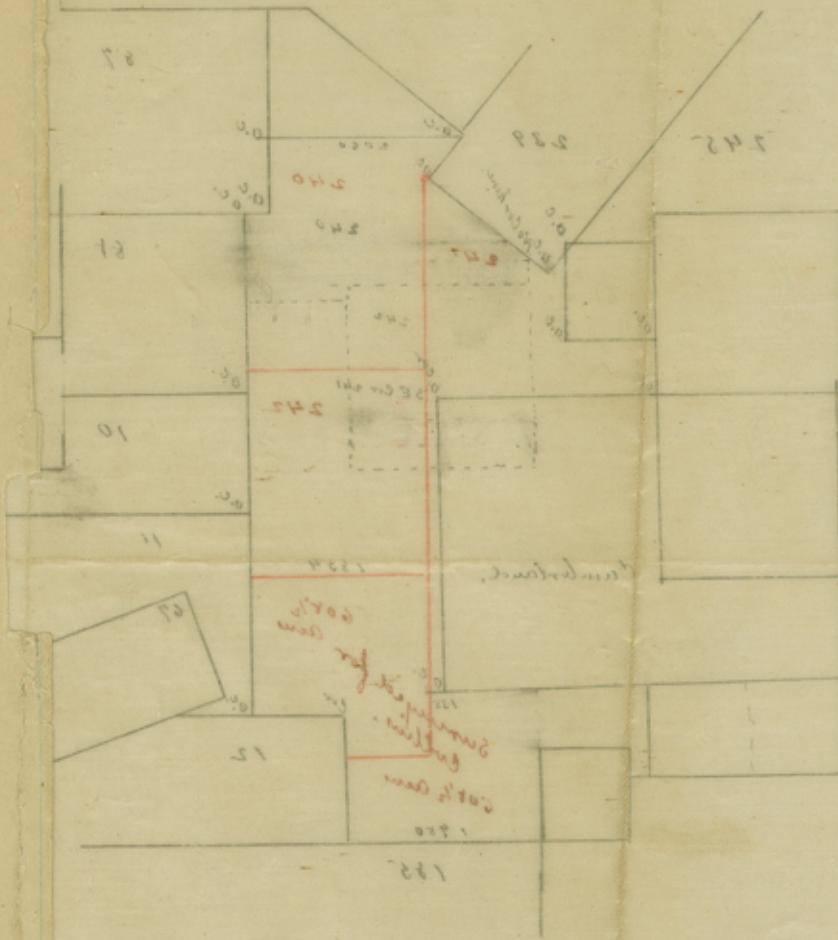

The S. E cor. of 241 is the N. E cor. of the Cumberland.  
 Then North it cuts into 240 and then nothing of 242.  
 They have already been surveyed as mapped in red ink  
 and the vacancy taken up at indicable and if there is any  
 way of making the Survey in this would like to do it  
 I put in Sec 241 in the amount did to make square work  
 and have 242 connect with it. A. W. French Surveyor Devel Co. Counter 21400

#46

No. ~~EE.~~

Surs. around the Cumber-  
Land Sur. in **Duvall + Co.**

6-24-82.

do not fit points 045, 042 & 92.5 north  
measured to road 3.00 ft. in 145 to 153.0 at T  
does not meet 045 divided to 100' west  
at 100' of 100' and grade east per T  
of 100' divided so do not measure to road  
and address will in square all parcels to road  
do not fit measured in 145 and in 153  
and 100' of 100' divided to 100' west
