Hon. J. H. Walker,
Land Commissioner,
Austin, Texas.

Dear Sir:-

We enclose you herewith a letter addressed to you by Mr. E. J. Foster licensed land surveyor of Webb County, and also his field notes of our Section #210 in Duval County, which he recently re-surveyed, also enclose a plat showing our Sec. #210.

What we want to do is file these papers and add the additional amount to our obligation on said section.

If you do not require holding the plat we would like very much to have it returned, but if you have to have it can you have a photostatic copy made, or copied by your draftsman?

Thanking you for your usual prompt attention, we are

Yours very truly

C. W. HAHL COMPANY

Hon. J.H. Walker, Land Comm'r.,
Austin, Texas.,

Dear Sir:-

I am herein enclosing corrected field notes and sketch to survey No. 210, Cert. 1/388, J. Poitevent, Duval County, as surveyed by me on the 12 ult., for the Humble Oil Co.,

I have made the connection from the south line of the Sam'l. Alexander Grant, to the old fence line recognized as being the north line of survey No. 73, and have found the excess in surveys to have been thrown onto 210, as it had an old mezquite stake recognized as its N.E. Cor., and I believed had been placed by Mr. Dix the surveyor some fourteen years ago, these same corner stakes were found along the south line of the Alexander Grant and are the corners of the surveys adjacent to the grant, however owing to the excess in distance north and south, and there being no original corners on the ground these excesses should be allowed to be thrown into the State Sections as they are entitled to it more so than the fee surveys.

Any further explanantions that may be required, I will forward to the land office.,

Very respectfully,

E. J. Foster
Licensed Surveyor.
