Eastland, Texas,

189

The State of Texas
 County of Eastland } I R R Wells County Surveyor
 of Eastland Co, Texas. hereby certify that I have actually
 run on the ground the distance from the N.E. corner of the
 O H DeLano survey (which I identified on the ground,
 the said bearings being up) to the North line of Eastland
 Co. and the South line of Palo Pinto County, and find
 the distance to be 6048 varos. and found a
 mile post on ^{said} South line marked P.P. on one side
 and "E" on the other side.

I endeavored to run from the N.E. corner of the
 Heron Run survey but the corner supposed to
 be the N.E. corner of said survey could not be
 sufficiently identified. Therefore thought best to run
 from a well established corner - said run was

made January 8th 1894

with W H Fullos. & J. W. Suter as Iron
Chain carriers.

Eastland, Texas, Jan. 14th 1897

Hon A J Baker
Austin Texas Dear Sir

I have at the request of citizens of the County, made a measurement of the distance from the S.W. corner of the C S Betts Survey to the Public Square in the town of Eastland. and find the S.W. cor of said Public Square to be 564 feet North and 800 feet East of the S.W. corner of said C S Betts Sur. Said Square is 200 feet x 200 feet. The S.W. cor of the C. S. Betts Survey has one pole bearing standing. This measurement is enforced by plat of the town of Record Book B Page 577 of records of Deeds &c of Eastland County Texas
