

STATEMENT OF CONNECTION BETWEEN BLOCKS 11, 13 AND J IN
EDWARDS COUNTY, TEXAS.

For the purpose of correcting fieldnotes for survey No. 23, in block J, G.C. & S.F. RY. CO., with Will Taylor and Buck Green as chain carriers, on the 3rd. day of July, 1924, I began at the original N.E. corner of survey No. 33 and N. W. corner of survey No. 32, Block 11, G.C. & S.F. RY. CO., with the original bearings in position.

I ran thence South 11,550 Vrs. to the North line of block J, GC&SF Ry. Co. (Said North line being established ^{Sur. 22} by a careful and rechecked survey from the S.W. corner of survey No. 32, SP. Ry. Co.)

Thence East 519 Vrs. to the N.E. corner of survey NO. 23.

This being very rough country, I began again, for a recheck at the original N.W. corner of survey No. 28, block 11, and measured South 3800 Vrs. to the S.E. corner of survey No. 70, block 13. I then measured by triangle measurement from top of mountain to top of mountain and to the North line of said block J, and obtained almost exactly the same distance as I did in the previous survey. And from these connections I prepared corrected fieldnotes for survey N. 28, block J., G.C. & S.F. Ry. Co.

Given under my hand at Rocksprings, Texas, 28th.
day of December, 1931.

J. F. Winans
Licensed State Land Surveyor.

STATEMENT OF CONNECTION BETWEEN BROOKS ET AL AND J. F. WALKER
EDWARDS COUNTY, TEXAS.

The purpose of certifying references for survey No. 32, is to place on the original plat the survey No. 32, which the original parties in possession of the original survey No. 32, at the corner of survey No. 32, Block 11, G.O. & H.Y. CO. and N. corner of the original survey No. 32, on the 21st day of July, 1884. I then as chain surveyor, on the 21st day of July, 1884, I placed a 9' G.O. & H.Y. CO. survey No. 32, for the purpose of certifying references for survey No. 32.
