RECEIVED

FEB 16 1937

Dear Sir:-

REFERRED TO MAP

I am enclosing herewith sketch and field notes to Sur. 48, H. E. & W. T. Ry. Co., in Edwards County, Block not given on the map. As you will see by referring to the enclosed skeeth that I ran a connecting line from the common original N.E. Corner of Sur. 41, S.E. 64 H.E. & W.T.Ry.Co., same being the N.W.Cor. Survey 60, S.W.61 same company and block, an old Stone mound, the N.E. Corner Sur. 41, whence a Live Oak plainly marked D bears E 91 vrs, a Live Oak 8" bears S 8 E 16 vrs; Thence west giving the same excess east and west in each mile or between the rock mounds put up at each corner that I found between the original corners six miles north, also the same excess north and south as I found between the original N.E. corner of Survey 41 and the S.E. Corner of Survey 56 same block and company. If the field notes are satisfactory to your department, please file them. If not please let me know what is required and I will proceed to make the survey in such a manner as will be approved, as Mr. Mayfield is very anxious to get a patent to Survey 48, H.E. & W.T.Ry.Co., in order to get a loan.
