See surveyors certified Sketch  
file 10 Evans Co. August 10/72  
Truesdell

I, J. J. Evans County Surveyor of Evans Co., do hereby certify, that by actual measurement upon the ground the distance between the A. Gill and M. Sargent's surveys is as shown upon the above plat and that none of the above surveys conflict with surveys previously patented. Given under my hand at Stephenville, this 17<sup>th</sup> day of May 1872

No. 15 #15

Dated ~~May 14, 1872~~ ~~June 1872~~

Crath County

On Armstrongs  
E. on the line of  
Carnanche Co.Filed August 6/72  
W. H. Akeman

This sketch differs from  
a sketch given by the  
same surveyor 10 months  
previous.

From the field notes  
of O'Neal's survey it is  
evident that the re-  
rected & plat survey of  
Mayhew's survey is in  
conflict with said  
O'Neal's survey.
