

The State of Texas
 County of Crath B. I. S. T. Evans County Surveyor of Crath
 County, hereby certify that the above plat shows the con-
 nections of the "Laraca County School Land" located in
 this Co. - as it is found upon the ground. There being
 by actual measurement a distance of 858 ins. between the
 Henry Odell and Benj. Chisholm surveys, it does not reach
 the F. McMahon & A. B. Coffin survey by 287 ins. nor the Benj.
 Chisholm survey by 650 ins. it conflicts with the Isaac Aldridge
 T. A. Thompson, Benj. Chisholm & H. Odell surveys.
 In order that the Map may be corrected I ask that the
 patent be cancelled and a relocation ordered, the connection
 of A. Caytain survey are also incorrect. Given under my hand
 this 31st day of August A.D. 1872 S. T. Evans C.S. & C. per L. H. Willson Sp. S. & C.

File 16.
Erath County
S. E. Corner
thereof.

Filed Sept. 4, 1872.
McLakeman

In the within sketch is still an error it shows a vacancy of 300 vs between the Thompson S. line and Aldridge N. line. This is impossible as said Thompson's survey Aldridge & Van Brown survey begin at the N. W. cor. of Roddy's survey calling for the same bearing trees to wit: Post oak (marked) A bears N 54 W. 4 vs & an other marked B bears N 35 W. 7 vs. June 17/75
