Mr. Cruikshank.

Dear Sir

enclosed you will find a
Sketch of Surveys between Elm & Indian creeks
We found from actual Survey that there is a
Conflict between a Survey of 1107 acres in the name
of Hunt & Horton Stone's League Said League is
on 4600 bars wide that is from North to South.
& Ryan also conflicts as shown by the Sketch Juan Gordon
does not run quite to moons West Line but
Conflicts with Vanches. The Survey of Smithwick
contains about 10 acres ~~too~~ too much but
I thought best fill the vacancy ~~the~~ with the
exception of the narrow strips as shown by the
Sketch There is no Conflict between the
Surveys of Smithwick & Clark and the
Old work for Green & myself
have traced it all out

Sketch above
