

OFFICE OF  
DE CORDOVA & RECTOR,  
**TEXAS LAND AGENCY,**  
CONGRESS AVENUE.

AUSTIN CITY, May 17 1871

Hon. Jacob Neuchler  
Comm Gen Land office Tex

We herewith hand you The meanders of the  
Mrazos River in front of the Basques & Sanchez survey  
Falls County made by R F Alexander the County  
Surveyor.

Through some oversight the River in front  
of these survey had never been represented and  
the consequence has been a heavy law suit to the owner  
of the Sanchez and part owner of the Basques lately  
decided in the District Court of Falls Co. in favor of  
the old grants.

As we are satisfied that there has been some  
surveys patented over the Basques and perhaps over the  
other, besides the case alluded to above, and also  
some squatters under locations, we request the favor  
of you having this at once plotted on the map together  
with "sketch file 11. Falls Co." and that we have a  
Copy showing the position of all the surveys and locations  
returned to your office. Do this our clients and
