

Surveyor's Office,
 Tenth Land District
 Bonham T.C.

July 8 1853.

I hereby certify that I have carefully
 re-surveyed 640 acres of Land, heretofore surveyed for
 James C. McClellan, assn of John Whittenburg, and
 find the same, with the adjoining survey correct upon
 the ground and ^{as} of Record in my Office. The map is
 entirely wrong - the above sketch will give an ~~correct~~
 idea of the correct position of the survey (indicated).

Done under my hand at Bonham
 this 8 Day of July 1853.
