

I, S. H. Lyon County Surveyor of Fisher County Texas, do, hereby certify that the above Plot, does truly and correctly represent the way that each, each survey, was made by Martin Duvall, in 1884 (Feb'y the 12th) which survey at that time was satisfactory, to all of the owners of lands included in and adjoining the same, and that all corners, and lines, made by said Duvall, have become common, that I have repeatedly, tested said survey with sworn chain carriers, and have found all lines & corners as they are represented on plot marked red for the Duvall survey, and those marked black for the F A Parker County Surveyor of El Paso County, & Mc Breed Lone Co Surveyor of Fisher Co Texas, who did Resurvey and subdivide, League Survey No 316 El Paso Co. School Land in 1892. That the vacancies that did exist, occasioned by said Resurvey, and by said Surveyors, which is now, occupied by the assignees of J L Gogins, & W. P. Blanton, are upon the ground, as they are represented on this Plot.

This June the 12th 1898

(Scale 2000 Vrs to inch) S. H. Lyon County Surveyor of Fisher County Texas
