

OFFICE OF

County and District Surveyor,

CLAY COUNTY, TEXAS.

C. B. PATTERSON,
SURVEYOR.

Henrietta, Nov. 1st 1881

Hon W. S. Walsh Com^r }
Austin Texas. } Sir

I find on the records here, of a connecting line in Hardeman County, run April 5th 1880, a mistake of one mile. to wit from the S.E. corner of section N^o 443 in Block A H & T. C. R. R. Co. North 11080 to a stake on south bank of river, which should read as follows. from N.E. corner of section No 443. Blk. A. H & T. C. R. R. Co North. 9180 to a stake on south bank of river, it does not change the distance you will perceive but makes it appear that the line was run diagonally across the sections from N.W. cor of 276 to S.E. of 443. Please advise me if the field notes sent to your office agree with the records here, and if so change as stated above

Yours respectfully

C. B. Patterson Sur

Clay La Dick
